**Private Client Lawyer &
Commercial Property Lawyer**

**Permanent positions, Based in Ulverston/Dalton in Furness
Salary - £30,000- £50,000 per annum**

Do you have 5+ years PQE in probate, tax planning and ideally also have some agricultural and trust experience? Or do you have 2+ years PQE in commercial property?

Would you like you and your family to live permanently in the most beautiful part of England rather than just visiting on the odd bank holiday?

Would you like to be able to leave work at 5.00 pm with a clear conscience in order to climb a mountain, ride your bike through a forest or take your dog round a lake?

Would you like to commute to work through the Lake District rather than spending an hour each day crammed onto a slow train or stuck in traffic on the M60?

Do you want to build relationships with a good client base with high quality work who prefer to do their business locally and see no need to instruct city firms?

If the answer to any of the questions is 'yes', we'd love to hear from you.

We are a very well established and highly regarded South Lakeland firm. Due to continued growth, we are now looking to recruit a senior **Private Client Lawyer** who can work unsupervised on both routine and complex files.

We are also looking for a **Property Lawyer** or **Legal Executive** with general commercial property experience who can work both unsupervised and alongside colleagues in a department whose business is primarily from existing clients and recommendations. A friendly face and the ability to communicate in plain language is a must.

These are new, permanent and senior positions in a practice that has developed a number of niche areas of specialisms to better serve our portfolio of individual and commercial clients.

Work/life balance is important to us so we are happy to consider flexible working and either full or part time hours. Hybrid working would also be considered.

The roles offer an excellent salary, dependent on qualifications, experience and hours worked. We are looking for people to help us continue to grow in the long term. As such, there is equity potential for the right candidates.
